

Adaptix

To meet the growing demand for high-bandwidth, integrated mobile voice, video and data applications, ADAPTIX delivers software-defined, hardware-enabled infrastructure platforms for wireless and wireline service providers around the world. ADAPTIX's standards-based, OFDMA/WiMAX solution gives service providers the highest level of spectral and resource flexibility as well as the efficiency to deploy rich media applications quickly and cost effectively. ADAPTIX is headquartered in Dallas, Texas, with additional offices in Seattle, Washington, and Shanghai, China.
