

# Molex

Molex is the world's second-largest manufacturer of electronic, electrical and fiber optic interconnection products and systems. We also make a variety of switches and application tooling. As a one-source supplier, we assure worldwide coordination of our resources to meet our customers' needs globally, regionally and locally. In product development centers, manufacturing facilities and sales offices on six continents, the more than 16,241 people of Molex are 100 percent customer driven. This dedication has kept us one of the fastest growing companies in our industry since we opened our doors in 1938.
